NATIONAL BOARD REPORT- Garth Whitchurch for Brian Roach

This year we again have a good registration at our Annual Rort and it is extremely pleasing to see approximately 60 interstate visitors to Perth under the guidance of Rort Chairman John Rowe, Secretary Beryl Grace and their team from Morella Club who have put in a lot of work to make this years Rort most memorable.

We have all heard of the membership problem in Apex and the number of retirements coming up in the next few years - naturally it is up to all of us to encourage those Apexians for our future growth, either to join in or form new clubs.

I mentioned in the last issue of the "Roaring 40's" of the success out in the field in establishing new clubs at Ulverstone Tas. Mac Lean N.S.W., Blackwood 41 in S.A. and as well we have again made contact with two clubs in Queensland namely Redcliff and Maryborough.

To continue this expansion we are contemplating State representation which will naturally come under the liason of National Extension Chairman- our basic aim at this stage is to contact Zone Presidents etc. and inform them of and about Apex 40.

With this years Rort in WA for the first time we will again need to make the biggest decision of the AGM- where we will hold our Rort in '87- a few suggestions have come to my notice, but these will be discussed seperately at the AGM.

Wishing you all the best in '86 and for those attending the Perth Rort I know you will be glad you came to "Mix in Perth '86".

SECRETARY/TREASURER.

Two issues of the Roaring 40's were again produced this year- for material I am reliant on the Clubs and the Secretary's to send me their newsletters and items of interest so as to continue to act as a means of communication and keep members up to date and what is happening at National level.

This years expenditure has been kept low due to various "donations" for paper etc. but next year printing of pamphlets re Apex 40 promotion and undating of records as mentioned by Kevin Harvey our previous Secretary/Treasurer will take a little expenditure.

It is recommended that affiliation fees for 1986/87 stay at \$1 per married couple and or single member with a maximum of \$50 per club.

FINANCIAL STATEMENT FOR 1986 (ie 22/4/85 to 31/5/86)
